Columns C & E: Exclusions from gross wages, such as deposits into an IDA, cafeteria plan exclusion, etc., that are posted to the "amount not counted" field on IWAG. These amounts will be included in the total MSSICS "amount not counted" in Columns J and K.

Column G: Enter Y if claimant qualifies for the SEIE based on the pilot criteria. Do not factor in how much of the yearly SEIE exclusion has been used in prior months when answering Y; the calculator will use only the amount of the yearly exclusion that is still available in any particular month

Column H: Enter Y if the SSR shows the student indicator and will apply the SEIE for that month; if the SSR will not apply the SEIE, e.g., claimant married, age 22 or over, head of household, leave blank
