## Potential Private Pension Benefit Information

Name:

We are writing to tell you that you, or the worker whose Social Security number appears at the top of this form, MAY be entitled to some private pension benefits upon retirement. Also, your family, or the worker's family, may be entitled to retirement or survivor benefits.

### These Are Not Social Security Benefits

These potential benefits are NOT Social Security benefits and we do not make any decisions about the payment of these benefits. The following provides some basic information about these private pension benefits.

### Information About Pension Benefits

You have, or the worker has, earned pension rights although no longer employed in a job covered by the pension plan. These are called "deferred vested benefits." Private pension plan administrators must provide information about such benefits to us through the Internal Revenue Service. We provide this information about the pension plan when the individual asks for it or when a claim is filed for Social Security benefits.

### If You Want to Apply for These Benefits

If you want to apply for these pension benefits or have any questions, you should contact the pension Plan Administrator shown below. Include the 9 digit identification number shown below and a copy of this notice when you write to the Plan Administrator.
