

TELEHEALTH CONSULTATIVE EXAMINATION AGREEMENT CALL SCRIPT - ADULT

<Claimant Name>

- *I am contacting you because we need more medical information for your disability claim with the Social Security Administration (SSA). We are asking you to attend a <mental or speech and language> consultative examination so that we can obtain that information. You have the option to attend a telehealth consultative examination, and I would like to discuss that option with you. A telehealth consultative examination is conducted over the internet using video technology that allows you and the provider to see and talk with each other.*

Providing this information is voluntary, but not providing such will result in scheduling an in-person examination. As law permits, we may disclose this information per routine uses in System of Records Notice(s) (SORN) 60-0044 and 60-0320. We may also use it in computer matching programs to establish or verify eligibility for Federal benefit programs and to recoup debts under these programs. This Privacy Act statement and all SORNs are available at www.ssa.gov/privacy.*

If the claimant does not have internet access or requests a copy of the Privacy Act statement, send the full Privacy Act statement by letter.
